

Johnson Requests Early Action For Donner Museum

Congressman Tells Group Of Work In Capitol For District

The Truckee-Donner Chamber of Commerce as well as other organizations should immediately take action to insure early construction of the Donner Memorial State Park Interpretative Center, Congressman Harold T. (Bizz) Johnson told a meeting of the chamber last Thursday at Smart's.

This \$200,000 museum was authorized in a bill sponsored by Johnson when he was a member of the state senate representing this district back in 1957. Since that time, the beaches and parks people have apparently pigeonholed the matter and nothing has been done to start the building.

Two other similar projects authorized in the same bill are either completed or well under construction, Johnson advised the meeting, and said that although he is no longer in the senate, he is anxious to see the work begin and urged the park authorities to take action soon. This appropriated money may be diverted for other use if the issue is not settled soon, he said.

The congressman gave an interesting and comprehensive report on his activities in Washington and pointed out some of the more important matters currently facing the congress.

He called attention to the vast undeveloped recreational areas in his district and said that he was working toward providing improved conditions and facilities for the vacationist in both summer and winter activities, particularly in the national parks of the district.

Reviews Work

Briefly, Johnson reviewed the work that has been done, including the new highways, development of natural resources and other government sponsored projects. The demand, he said, is for still more recreational facilities and he said he would devote his best interests to fulfill these needs. He asked the chamber and other organizations and individuals to keep him fully informed of their desires so that he can assist as much as possible from his office in Washington.

Speaking of the gigantic \$50,000,000 Washoe project in California and Nevada, the congressman warned that this could prove of great benefit to both states if the project is handled right, but that California interests must see to it that the present and future needs of this state are met if the region is to develop to its full potential.

He said there is probably sufficient water for both the Nevada and California needs, but urged that those representing California see to it that all needs of this state be met before relinquishing the water to our neighbors.

Johnson is currently making a tour of his 19-county, third district, meeting with various groups, before returning to Washington where the congress will reconvene on August 15. He spent part of the week at Lake Tahoe and from here went north for similar meetings.

Lee Apple presided at the meeting last week and N. F. Dolley was program chairman.

DAMAGE IS CAUSED BY LOCAL VANDALS

Considerable damage was caused Sunday night at Shane Brothers plant when thieves apparently attempted to enter the gas pump area. Footprints indicated a man and boy had been prowling about the plant. Damage was estimated at \$50 but no fuel was taken as the power supplying the pumps had been shut off. Chief Deputy Roy Waters made the investigation.

Last week Waters was called to Richards Garage where it was reported two boxes of tools valued at \$500 had been stolen.

LIONS HEAR TALK BY HAROLD BERLINER

District Attorney Harold Berliner spoke before the Truckee Lions Club last night, giving a review of the criminal record of Nevada County. He said the crime rate in the eastern part of the county has been greatly reduced with the employment of more officers, but that the overall record for the county is higher.

Zeph Rose presided at the meeting and guests included Dr. Ray Wiser, Carson White and Assistant District Attorney Jan Stevens.

Schools Will Open On September 12

The opening date for the 1960-61 school year for the Tahoe Truckee High School has been set for September 12. Principal Harold Drummond announced.

All students, grades nine through twelve, who are entering Tahoe Truckee High School for the first time are urged to register as soon as it is convenient, prior to the opening of school.

Early registration will help assure the new student that he will be able to take the courses he desires. In addition, it will provide an opportunity for him to discuss his educational plans with his counselor. It will also give the counselor an opportunity to orient the student to the procedures, customs, and the various activities of the school. This orientation will help the student to overcome the uneasiness of entering a new school.

The high school office will be open daily from 9 a. m. to 12 noon and 1 to 4 p. m.

If you wish additional information or wish to make an appointment please call LU 7-3574.

WOMAN DROWNED IN FALL AT LAKE TAHOE

CRYSTAL BAY — Mrs. Velma Wilson, 49, of Stateline, Lake Tahoe, drowned in six inches of water when she fell on the shore of Lake Tahoe and was stunned as her head struck a rock.

Washoe County sheriff's deputies said Mrs. Wilson was en route to Reno in a pickup truck driven by her sister, Mrs. Marian Higgins, also of Stateline, and the women decided to walk down to the shore near the intersection of State Route 28 and the Mt. Rose Highway.

Mrs. Wilson stumbled and fell.

Miller President Of School Board; Reject Donner Bid

Call For Bids To Dig Well Authorized At Meet Of Board

Byron Miller of Floriston was elected president of the Tahoe Truckee Unified School District governing board at the meeting held last week. He succeeds Jack Felte of Kings Beach.

Gordon Moyer of Tahoe City was named as vice president of the board and Mrs. Hilda Hintz of Truckee was selected as clerk. Other members of the board are Reg Smart of Truckee and Max Williamson of Soda Springs.

Bids for an addition to the Donner Trail School were opened and both rejected. One of the bids was for \$264,000 and the other for \$238,440. Both were submitted by Sacramento firms.

Harold Farr, representing the Tahoe City Rotary Club, and two students appeared before the board requesting the use of the Tahoe Lake school multipurpose room for the purpose of holding dances.

The superintendent, John Corbin, was instructed to meet with the representatives of this group and work out rules and regulations similar to those in force at Kings Beach school. It was agreed that there will be an accounting to the district of all income and expenditures and that the profits be set aside for recreational purposes for all Tahoe City children.

The board reviewed specifications for the proposed well, made some changes and authorized advertising for bidders.

The board approved employment of the following: Dorothea Frey and Kaytie Corbin, clerks; Helen Rollett, beginning clerk-typist; William Notley, Mitchell Terkildsen and Gary Highley, laborers.

Fire Siren Will Be Tested Saturdays

Fire Chief Glenn Coffey announced this week that during the next four Saturdays, the new fire siren will be tested at noon.

The new siren was recently installed by Bud Owens of Bud's Electric and has been sounded a couple of times with excellent results, but the tests are being made to assure continued good service.

The old siren will be installed at the Truckee Public Utility District warehouse near Meadow Park and will sound simultaneously with the new one.

MRS. HEDLUND FETED AT SURPRISE PARTY

A meeting of the Friday night card group met at the home of Mrs. Jack Ellis last week. The occasion was also a baby shower for Mrs. Kenneth Hedlund, one of the honorary members. It was a surprise shower and the honored guest was the recipient of many lovely gifts.

Guests invited were Mesdames Jergen Vind, Zeph Rose, Newt Frates, Roy Saarni, Curt Mitchell, George Wurst, Lee Apple and Vernon Krusse. Games were played, refreshments were served and a good time was had by all.

RAIN HERE FAILS TO CUT FIRE DANGERS

The .05 of an inch of rain which fell here Wednesday morning was refreshing, but by no means lessened the fire hazard, the forest service reported.

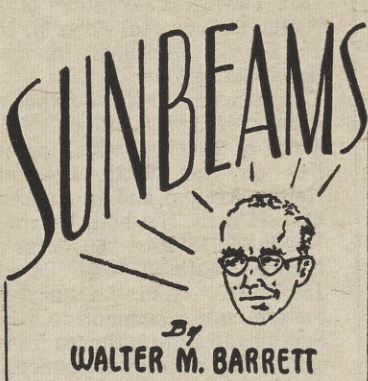

As a matter of fact, the officials declared, it may even increase the danger as people may get careless with fires believing the light shower offered protection against fire.

From County Seat—

Mr. and Mrs. Carl Kitts and daughter of Nevada City were visiting local friends on Monday. Kitts was a member of the Truckee Highway Patrol some years ago and was retired from the service in 1950, following injuries which resulted from an automobile accident.

AT SOUTH FIRE

Local men who have been lending valuable assistance in fighting and controlling forest fires in the Angeles Forest are Nelson Stone, Emery McCarroll, Al Silva, Bill Tumpney and John Haliwell.

In his talk before the Truckee Donner Chamber of Commerce last week, Congressman Bizz Johnson touched upon a subject which should find immediate response in this area. That was the fact that although the \$200,000 for the erection of a museum at Donner Memorial Park more than three years ago, was authorized by the state legislature, nothing has been done to implement the project.

Apparently the division of beaches and parks is not too concerned about the work and is "dragging its heels." The two other similar projects approved at the same time are either completed or well under construction. The Donner job is not even on the drawing boards and time is running out. It is incumbent upon the local organizations, the state representatives and others in this district to see to it that something of a tangible nature is done immediately.

An interpretative center at the park would be of considerable value, not only to the district itself but to the hundreds of thousands of visitors who frequent the region each year. Johnson's suggestion that this region immediately take steps to demand action on the project should be taken seriously, otherwise the appropriation will be transferred to some other community and we will never get the very necessary and long anticipated museum center.

It should become a "first order of business" with the chamber of commerce.

Truckee will mark its 100th birthday in 1968 and the surest road to progress is by accurately charting the past. Perhaps it is not too soon to begin a systematic recording of the legends and landmarks of the town's robust years of yore. An historical society might be quite in order now.

FATHER OF TRUCKEE WOMAN DIES IN RENO

Funeral services were held Sunday afternoon at 2 o'clock at the Walton Funeral Home in Reno for Francis R. Williams, 64, father of Mrs. Majel Rose of Truckee, who expired at the Veterans' Hospital Thursday night following a protracted illness.

Williams of Mountain View and his wife, Mrs. Mildred Williams of Reno. For the past few months, Williams was employed as chief engineer at the Stead Air Force Base.

Man Held In Jail After Deserting 3 Small Children

Wild Chase Results In Man Being Jailed Here On Traffic Count

After a wild, 100-mile an hour chase by officers of the California Highway Patrol, Boyd Jerold Griffith, 24, Eugene, Oregon, was taken into custody Tuesday night about 10 o'clock and lodged in jail on suspicion of a number of charges.

Griffith was arrested by Patrolmen Nick Comola and William Gausche after the patrol received word that the suspect fled from a Verdi service station without paying a \$6 gasoline bill.

The suspect told officers quite a story of his recent affairs. He said his wife was in custody in San Rafael charged with writing fictitious checks. He was also held there, he said, but made bail and took his wife's three children, ages 2, 4 and 1, to a motel near Santa Rosa where he abandoned them Tuesday.

He is said to have left a suicide note, but turned up in Reno where he collected several parking tickets before heading west.

Officers were advised that Griffith is wanted for violating probation on a Dyer act charge in Boise and for criminal conspiracy in Corte Madera. Although he had no money in his possession, the suspect had check books of two banks in the bay area.

Here, Griffith is charged with reckless driving but will be held pending further investigation.

James Appointed On Bank's Board

Motel owner Thomas L. James of Tahoe Vista has been appointed to the advisory board for Bank of America's Truckee branch, it was announced by Manager Lee H. Apple.

"We are pleased to welcome Tom James to our board," said Apple. "His business experience and long residence here will be of benefit to us."

James, who is owner and operator of the James Lakeside Resort in Tahoe Vista, has been active for many years in helping to develop the Tahoe area, and is now president of the North Tahoe Chamber of Commerce.

The advisory board is made up of prominent citizens of the area who counsel with branch officers on matters of economic and community interest.

Other members of the board are Joe King, chairman, N. F. Dolley, Ignatius Firpo, Richard Joseph, and Norman Mayfield.

BIDS ARE ASKED FOR SUMMIT ROAD WORK

The state division of highways asked for bids, to be opened August 17, for drainage improvements on about six miles of U. S. Highway 40 between Hampshire Rocks and Soda Springs, according to officials at the Marysville district office.

A total of \$90,000 in state highway funds is available for the project.

CENTURY OLD CHINA

Eight Are Injured In Motor Accidents In Truckee Region

Eight people were injured in the four vehicle accidents reported in this area during the weekend by the California Highway Patrol.

Five were hurt Sunday morning at 8:30 near the Frog Lake trail on Donner grade when cars driven by James Lumley, 41, San Jose, and Clyde Knotts, Concord, collided. Knotts, according to the patrol, apparently swerved into the opposing traffic lane due to a stuck throttle and could not make the turn, crashing into the east bound Lumley machine.

Lumley, a master sergeant at Fort Scott in San Francisco and Mrs. Georgia Lumley, 41, both suffered major injuries. Knotts, Portia Crandall, 17, and Wayne Stephens, 15, of Martinez, were treated at the Tahoe Forest Hospital for lesser injuries. They were taken to the hospital by Truckee Ambulance.

Near the same location on Friday morning at 9:30, a large truck and trailer operated by Earl Tufto, 29, Reno, for the Oregon-Nevada-California Fast Freight, went over the embankment, badly wrecking the vehicles, but injuring the driver only slightly. Tufto told the patrol, an insect got in his eye as he was coming down the grade and he pulled over to get it out and apparently drove too far letting the truck get out of control.

Julius Block, 65, San Francisco, apparently fell asleep at the wheel of his car Saturday at 7:15 a. m. on State Route 89 north of Highway 40 just east of here. The vehicle ran off the road and was wrecked. Block suffered minor injuries and was taken to the Tahoe Forest Hospital.

Also on Sunday, at the Little Truckee River on Route 89, a car driven by Jane Loris of Oroville got out of control and rolled over, injuring the driver, who was taken to the Portola Hospital and her passenger, Charles Phillips, 42, also of Oroville.

The driver told the patrol she was passing another vehicle when the brakes locked and she lost control.

LAST RITES ARE HELD FOR LOCAL RESIDENT

Funeral services were held in the Truckee Colonial Mortuary at 2 o'clock on Tuesday for Edward Chamings who died here Saturday following an illness of several months. Interment followed in the Truckee cemetery.

Chamings was born July 12, 1904 in Westcliffe, Colorado a son of pioneers of that state and had been a resident of Truckee for several years.

His wife died here in 1959 and he is survived by a small daughter, Debra who is living with his sister, Mrs. W. E. Briscoe of Colorado Springs. Other survivors are Mrs. Russell Jones of Vallejo and Mrs. Ernest Adair of Los Gatos, aunts, also a niece and nephew.

A public hearing on the proposed \$1,038,124.46 budget for the operation of five schools in the Tahoe Truckee Unified District will be held Thursday, August 4 at 8 p. m. at the high school.

Rising costs and additional services boosted the budget to a new all-time high for the coming year and the tax rate required totals \$1.76. This includes a general rate of \$1.65 four and a half cents for teachers' retirement, two cents for community service, and four and a half cents for employees' retirement. Tax rate limit is \$1.80.

Fixed charges, which include district contribution to certificated employees retirement and district contribution to old age survivors' insurance system, totals \$50,000.

Transient Held In Mystic Fire, Fights

Malcolm Ray Pace, a transient, was lodged in the local jail yesterday afternoon after he allegedly started a forest fire near Mystic and resisted arrest by officials of the forest service.

The fire burned over a quarter of an acre before being stopped.

A Southern Pacific employee saw the fire start and saw Pace leave and notified the authorities.

Pace had been drinking and when arrested put up an argument and kicked the windshield out of the forest service truck. He was transferred to the state patrol car, operated by Patrolman Martin Sturcke and brought to the Truckee jail where he is being held.

West Shore Notes

By NINA SLADE
LAmbert 5-7751
P. O. Tahoma, Lake Tahoe

Members, children and guests of the Lake Tahoe Sierra Emblem Club No. 347 gathered around the pool side of the Squaw Valley Inn Thursday of last week to enjoy brunch in the lovely setting. Swimming was enjoyed by several members and to all the children it was a special treat. A round of applause from the group was received by Mrs. Yvonne Bechdolt for displaying her very expert diving ability. Next regular business meeting will be Monday, August 1, at 8 p. m. at the Elks Lodge in Tahoe Vista. More details will be announced later on the Northern District meeting and work shop of the State Association of Emblem Clubs which is to be held August 27 at Nevada Lodge.

Meeks Bay Resorts dance hall, run by George Langston of Los Angeles, was filled with young dancers Saturday and the curving sweep of the bay added to the

night's loveliness. The Bradeys of Santa Monica; Bud Hoff, Sr. and Junior from San Leandro; Marguerite Hill of Santa Ana; Mrs. Lola Hall of Seattle and Mrs. Hazel Till of Yuba City are among the many vacationers who return to Meeks Bay year after year. Also at Meeks Bay were Mr. and Mrs. Carl Whitehouse of Piedmont; Ed Dal and family from Richmond; Mr. and Mrs. Harry Curry, Richmond; the Bolets of Oakland. The Olympic shot putt champion Parry O'Brien and his wife of Los Angeles honeymooned at the resort before leaving for Rome to train for the games. The bride is the daughter of Dr. and Mrs. Leo Arena of San Jose. Fred Kehlet is reported feeling better these days, as is Darel who is recuperating after recent hospitalization.

Mr. and Mrs. C. L. Reed of Morongo Valley and Tahoma have returned to their Tahoma cabin a trip to Lake Louise, Glacier Park and Yellowstone. The dust from their still unfinished street by El Dorado county highway department drove them away.

Mrs. C. L. Campbell and Mrs. M. F. Bettis of Del Mar are vacationing at their Tahoma place. Their Del Mar neighbors, the Hugh Lid-

coats and her sister, Margaret Millett enjoyed a vacation at the Campbell-Bettis cabin recently.

A nice gift of Tahoe Tattlers from Vol. 1, No. 1, June 28, 1935 through August 22, 1941 came our way via the generosity of a long-time Tahoma resident. It's enlightening and interesting to read through them and learn of lake life that was once so colorful and peaceful in a way that "progress" has somehow managed to make entirely different.

Something will have to be done soon to stop the vandalism and window-breaking on the property of May-Ah-Mee Lodge. This is being committed by children in residence here. Because the property is unoccupied and unguarded, it is assumed by some parents that it is fair game for their children to vandalize. Property rights are the mainspring of our way of life and to let children defy or ignore them is a misdemeanor on the part of parents. Boats moored at the dock have also had fire extinguishers, required by law, removed and thrown into the lake. Rock-throwing at cars also seems to be a pastime of these uncontrolled small fry. If it continues the deputy sheriff will be given names

and penalties should be forthcoming.

The Placer County Board of Supervisors will hold a public hearing in the supervisors chambers on Tuesday, August 2, at 3 p. m., to consider the proposed amendment to Ordinance No. 108, Series B, to control the location of seasonal amusement business in the precisely zoned areas at Lake Tahoe. It is just 20 years ago that people of Tahoe City spoke their minds and had their way as to how their town should look. The state highway department wanted to cut down a huge tree because it was in the middle of the roadway in the community. Protests were so strong the plan to remove the tree was abandoned. Once in a while the public actually gets its way. This time it was a "permanent way." For the big tree still stands today — right in the middle of the present highway. It behooves those of Placer County who would preserve the area's

beauty and prevent a Coney Island atmosphere to make themselves heard at the hearing on control of seasonal businesses.

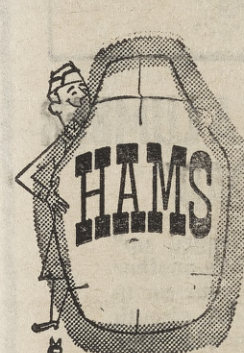

Charles Thieriot of New York joined his local cousins, the Charles Thieriot's at the lake this weekend, accompanied by his son and daughter, Charlie and Dickie.

Mrs. William Hutton of New York arrives this weekend to be the house guest of the Charles de Bretteville's while she visits her son who is stationed in Nevada. Mrs. Diana Starkey McBean spent last weekend with the de Bretteville's.

The Brooks Walkers, just returned from a yachting trip, enjoyed the weekend at the lake with Mrs. Donald Perkins of New York and daughter Pat.

Mr. and Mrs. J. Kedall Masten spent the weekend at Carnelian

PLACER BOARD GIVES SIGN BAN APPROVAL

AUBURN—The Placer County Planning Commission has approved a proposed scenic highway ordinance which would prohibit advertising of brand names on billboards in the county.

Before recommending the ordinance, the commission named U. S. Highway 40 and State Routes 49, 28 and 89 as scenic routes to be affected by the proposed law.

The suggested ordinance does not affect placing signs on prop-

SCHOOL PROBLEM AT INCLINE IS STUDIED

RENO—An increase of more than 100 in the school age population of the Crystal Bay and Incline Village areas of the north shore of Lake Tahoe poses new problems for the Washoe County School Board.

Ray M. Smith, vice president of the Crystal Bay Development Company, warned board members his firm expects to have about 100 homes finished and occupied in the new Incline Village subdivision by Christmas.

There are about 35 school age youngsters living year around on the north shore in Washoe County. These attend elementary school at Kings Beach, and the Tahoe Truckee High School at Truckee, with tuition paid by the county school board.

No decision has been made on

erty where business is conducted, but restricts scattering signs along the highway. Under the proposed ordinance, all non conforming signs must be removed within three years and placing of billboards in unapproved sites would be a misdemeanor.

The Bruce Kelhams have sold their Tahoe place and plan to build a summer home in Napa valley.

Despite the fact that property taxes are at a record level in El

Dorado County, here in our bottle-neck we have little if anything to show for the high levy. The access road to Tahoe Cedars Tract has holes four feet deep on both sides every four feet or so. It is

a hazard to life and to cars. Leaving 7th Street early in the year as an avenue of dust for summer residents to wallow in, the county road department disappeared and evidently some of the residents will

DONNER SUMMIT NEWS

By LLOYD W. GAY

WATER BOARD MEETING

At the special meeting of the board of directors of the Donner Summit Public Utility District held at Donner Summit Lodge on July 19, Chairman Max Williamson announced that the specifications for the proposed water development in the summit area had not been received from the consulting engineers as expected, pending further negotiations with the Southern Pacific Railroad Company on distribution of water from Lake Angelina. Auditor Ray Carlyle of Auburn announced that the present indebtedness of the district was approximately \$32,000 as of July 1. A discussion ensued between the members of the board and the property owners present on the district water problems and possibilities for meeting these problems. Board members present were Chairman Williamson, Secretary Clyde Burkey, Bill Cannon, Harry Pratt, and Utility District Attorney Paul Chamberlain and Auditor Carlyle, both of Auburn.

SHOWER

A shower honoring Carol Carder was held at Betty Aro's home last Wednesday night. Mrs. Lola Schull and Betty were hostesses for the party, which 20 guests attended. Carol, whose husband Eli operates the Buck Ski Shop at Soda Springs, expressed her pleasure and appreciation for the many lovely gifts that she received.

DONNER TRAIL SCHOOL

The Tahoe-Truckee School District has received bids for the additions to the Donner Trail School, scheduled for completion in February 1961, and has determined that due to the high construction bids submitted, the additions will be postponed. It is not known at this time when the proposed additions will be put out for bid again.

AUDUBON NATURE CAMP

The third two-week session of the Audubon Society California nature camp is under way at the Sugar Bowl with 43 students attending. The students are drawn from such diversified localities as British Columbia, Washington, D. C., Illinois, Minnesota and Michigan, although the majority of this session hail from the far western states. The camp is under the direction of Bill Goodall of the National Audubon Society west coast office in Berkeley.

HAWAIIAN GIFT

A large green coconut was received by Dennis Hampton of Norden from Miss Donna Powers, former teacher at the Donner Trail School. Donna is attending courses in Polynesian culture at the University of Hawaii this summer, en route to teach in the U. S. Air Force school system in Japan for the coming year.

SCHOOL BOARD MEETING

The annual Tahoe-Truckee Unified School District budget meeting will be held at 8 p. m., August 4 in the Truckee High School. Residents of the summit are invited to attend, as the proposed district budget will be presented for the coming year. This is an opportunity to have a voice in the apportionment of school district funds.

SUMMER VISITORS

The Rossi family from Chico have been spending the past week in their home on Castle Creek. Bill and Verna, who spent a few days here several weeks ago, are accompanied by their son and two daughters with several of their school friends.

SHRINE CIRCUS TRIP

A wonderful trip to the Shrine circus in Reno is in store for the local children on August 3. The trip, sponsored by Shriners, will include transportation to and from the circus, admission to the show, and a lunch. The items not included are popcorn and pop during the show, and the carnival

rides. Frank Zoll announced that the Donner Trail school bus will leave Cisco in time to pick up and transport the children to Truckee by 10 a. m. They will return to Truckee between 6 and 7 p. m., and then by school bus to the summit area.

VANDALISM DISCOVERED

Six windows were broken by pellet guns in the Donner Trail School this past week. It is disturbing to see this type of problem crop up in a community so

far removed from the pressures of a large city where these incidents are more common. Wilful damage from BB and pellet guns is usually due to parents who are willing to provide the equipment, but neglect (Continued on Page 8)

MARTIS VALLEY

A pioneer once looked at the valley,
and said, "I see some wood."

The man who then was standing there
said, "I don't think the woods any good."

A pioneer once looked at the valley,
and said, "It looks so green."

The man who then was standing there,
said, "Things are not as they seem."

A pioneer once looked at the valley,
and said, "What a beautiful view."

The man who then was standing there,
said, "It will be gone in a day or two."

A pioneer once looked at the valley,
and said, "I know it will grow."

The man who then was standing there,
said, "That's something that we'll never know."

Now this is the way of the masses,
Be they pioneers or modern day men.

To some the grasses look greener,
While others are crying for rain.

From the valley the wood has been taken,
The grasses are greener again.

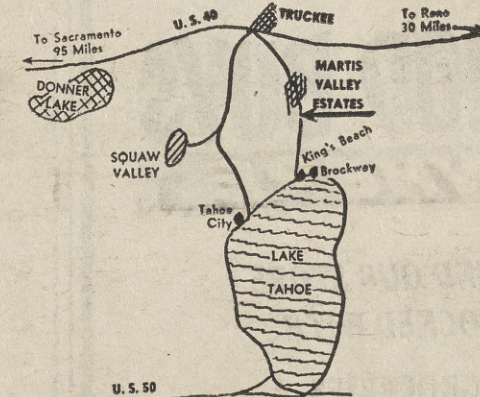

The beautiful view still surrounds us.
The unequaled beauty is plain.

Toned for a new type of living,
In 20th Century style.

The Valley, still sleeping, awaits us
To be claimed, and led, as a child.

Ere soon it will rise, like a giant,
and the man standing there will then say,
"I told you that all this would happen,"
"I think I will join it, Today!!"

TELEPHONE GROWTH TOLD TO ROTARIANS

TAHOE CITY—Ed Shirley, chief engineer of Pacific Telephone Company gave astonishing figures on present growth of the Lake Tahoe area and what may be expected in the future when he spoke at the Tahoe City Rotary Club meeting at Tahoe Inn on July 19.

The number of telephones have increased from 372 in 1940 to 5,455 as of October, 1959. Shirley did not have past and present population figures but he said that within 20 years the population has been figured at 164,000 and they will be permanent residents. He referred also to the Truckee and Donner Summit areas as growing rapidly.

The most astonishing forecast made by the speaker was, that in the not too distant future, 50 satellites will be circling the earth to provide better telephone, radio and television reception. Transistors weighing two and one-half pounds have been perfected for the satellites and the federal communications commission has been asked to reserve 860 megacycles for the venture that is expected to give world-wide coverage. Dave Gaynor introduced the speaker.

President Ralph Bly presided. Twenty-five members, 23 visiting Rotarians and a number of guests filled the Inn dining room to capacity. Farthest from home and receiving the small flag were Paul Meiche of Hollywood and Don Gusingher of Santa Monica.

A Son For Lakeys—

A bouncing boy of eight pounds was born July 25 at Tahoe Forest Hospital for Mr. and Mrs. Billy Lakey of Truckee. He was given the names of Elmer Duane.

HELEN O'CONNELL AT LAKE NEVADA ROOM

CRYSTAL BAY—Helen O'Connell, headliner in the Nevada Room of the Nevada Lodge located at the north end of Lake Tahoe, is in the last big week of her current, record breaking, engagement that ends on August 3.

The lovely recording artist and star of television and motion pictures, with the fine backing of the Murray McEachern band, has added another page to her record of successful supper-club appearances. JO ANN JORDAN TRIO NOW AT NORTH LAKE

CRYSTAL BAY—The Jo Ann Jordan Trio, well-known to supper-club audiences throughout the west, is now appearing at the Bal Tabarin, located at the North end of Lake Tahoe.

This versatile group's imaginative array of comedy routines, parody and minstrel music provides one of the most light-hearted acts in show business today.

Sharing the spotlight at the Bal Tabarin will be Freddie Baker's Royal Hawaiian Revue, a remarkable group of Polynesian dance, musical and comedy stars... presenting a complete Hawaiian show.

On Color Page—

Lynn Gomes, daughter of Mr. and Mrs. Joseph Gomes of Sacramento was featured with two young companions in a full color page of the Sacramento Bee, Sunday issue. Lynn has been a frequent visitor with her family at the home of Mr. and Mrs. Robert Leamon.

SOROPTIMISTS HOLD MORNING MEETING

KINGS BEACH—The Soroptimist Club members rose early July 26 to attend the 7:30 a. m. session, presided over by Blanche Donaldson, at Crystal Bay Club when they discussed details of the coming country fair. The event will be held August 19 and 20, beginning at 6:30 each evening in the Tahoe City School, according to publicity chairman, Sophia Levra. The members are working for a large attendance to the well planned affair.

Mrs. Ruth Mower of Cedar Flats gave an interesting talk on the itinerary of her trip from New York through eastern Europe, Africa and other far away places during more than two months of travel. Mrs. Mildred Basham of Taft was a member guest. The club will meet again on August 2 at the same time and place.

FOREST FIRES

The unusual severity of the fire danger in the summit area is indicated by the three fires that the Big Bend Ranger Station and the snow laboratory crews responded to over the weekend. Two were in camping areas at Kidd Lake and at Lake Sterling, and one was near Round Valley over Castle Pass. All were contained to small areas, but the unusually dry fuel conditions could permit any fire to become a major conflagration.

RETURN FROM VACATION

Frank and Kate Zoll have returned from nine days spent in the Los Angeles area where they visited their eldest daughter, who works in the research division of North American Aircraft Company, and also with Kate's mother, Mrs. Nellie Brown. Grandma Weese has also returned from a visit with Mrs. Brown in Bell Gardens, and expects to be with the Zolls for some time. The Zolls reported poor luck fishing in Upper Lake Montez.

AUTOMOBILE ACCIDENTS

An accident at Donner Lake last week damaged Bill Cannons automobile. Bill was shaken, but fortunately no one was injured in the collision.

TAHOE FOREST HOSPITAL

Dorothy Cannon is home and recovering nicely after being confined for a week for illness. Not so fortunate is Henry Sheldon of the Palisade Lake Club who severely injured his leg while splitting wood. He will be hospitalized for some time.

MOUNTAIN LION REPORTED

Reports of mountain lion tracks on the ridge between White Rock Lake and Paradise Lake by Stead Air Force Base survival instructors several weeks ago were confirmed by Ralph Violet, who has a camp on upper Castle Creek. Ralph reported finding the carcasses of two fawns near Paradise Lake, and while fishing there near dusk last week, a large lion came out on the rocky ridge about 60 yards from him, and remained until dark.

PRESCRIPTION PRICES

How are prescription prices determined? We have a policy in this matter, the only one we can follow. We do not offer bargains in prescriptions—there is no cut-rate way to health.
